

July 2018

*“Today is life-the only life you are sure of.*

*Make the most of today. Get interested in something. Shake yourself awake.*

*Develop a hobby. Let the winds of enthusiasm sweep through you. Live today with gusto”.*

*- Dale Carnegie*

Dear Parents and Well Wishers

*Greetings!*

*It's the time of the year when our vision is gradually taking our desired shape and we have been efficacious in providing a supportive and challenging environment, where our students can grow and flourish to their glorious heights.*

*Children are happy by nature. They do not have the pressure of the world on their shoulders and by providing the varied hobby program options we are enriching their appreciation towards diverse spheres of learning. We believe that learning isn't meant to be confined in a box and take pride in our students' developing abilities. Therefore our hobby programs and after school sports are designed to fulfill their potential. Hobbies are important for many reasons as they bring balance to life. They provide an opportunity to release stress and recharge batteries.*

*The best way to cultivate a new hobby is to try something new. The world is full of wonderful, exciting activities that we can explore and adopt as our own. Our endeavor is to continue to educate our students in a creative, artistic and nurturing environment.*

*We value your involvement and support in your child's education and look forward to a very positive and productive year together.*

## HIGHLIGHTS OF THE MONTH
